CORURN'S FINE SHOW

One of the Cleverest Performances of the Season at Temple Theatre Saturday Night, April 13th

"Corburn's Minstrels" gave one of the cleanest, cleverest and most enjoyable performances of the season at the Grand last night. In football parlance they made a bit from the kickoff. The stage settings were beautiful, and the electric accessories well placed. If a good show deserves a good audience, Corburn's Minstrels should play to capacity wherever it appears.

Christian Endeavor Banquet

One of the delightful events of the week was the Christian Endeavor banquet given last Friday night in the basement of the Christian church at Madisonville, to the faithful Madisonville Endeavorers, with a few invited guests, prominent among whom were W. E. Frazee, of Louisville, and W. J. Clark, of Sparks, Ky. H. H. Holeman as toastmaster, kept the banqueters in a roar of laughter after they had concluded a feast that would have done justice to the reputation of city caterers. Voices of the following were heard during the evening: Fay Townes, W. J. Clark, W. E. Frazee, S. M. Bernard, Miss Mamie Wooten, Mrs. S. M. Bernard, Miss Ruth Patterson, Miss Myrtis Bailey the latter two in solos.

All of those who took part acquitted themselves with credit and our space is too limited to report the jests and the serious portions in full. Before the parting song was sung Chas. Franklin arose and in behalf of the minister and his wife presented Miss Nellie Smith with a silver remembrance as a token of esteem for her good work as presiding officer of the C. E. and for her management of the banquet. She was ably assisted in her work by the members and friends of the church and by the musicians who composed the orchestra for the occasion. Many more such pleasant occasions would tend to emphasize the bright side of church life.

OPPOSITION TO SOCIALISM

There may not be perhaps a decline in the number of socialists in this country this year. That would be almost too good to be true and it would seem hardly likely in view of the many extreme things extremists in political leadership, including our own Colonel, are advocating that tend to encourage and increase the Socialistic spirit. But there is a hopeful note in the vigor of the opposition to any further socialistic triumphs in elections in various places. Citizens are uniting regardless of party politics, to defeat and rebuke the socialist this year and in this is plainly manifest the beginning, let us hope, of a vigorous reaction against dangerous measures and men. At Butte, Montana, on Monday, the socialists were defeated in the aldermanic election, only one of their candidates being elected, while last year the socialists elected the mayor and five aldermen, with aid of republicans and democrats, who wanted to rebuke the previous administration. On Tuesday, in the municipal election at Milwaukee "the red flag of Association was hauled down and a non-partisan ticket was elected by a majority of 30,000 with the polling the heaviest ever known. There the socialists showed a gain in numbers but the sentiment of "the people," about we hear so much these days, was united and right and expressed itself with great emphasis and in victory.

All this looks to us like a silver lining to the dark political cloud that now lowers upon us, and holds the promise that "the people" as a whole may still be relied upon to rebuke the demagogue and to give a back seat to the dangerous theorist in these United States.

Taft will be the republican presidential nominee. He will be the victor and we shall proceed again in safe and orderly manner to greater future security, peace and prosperity than this country has ever known.

THE PITCHER ONCE TO OFTEN

Like the pitcher, Roosevelt seems to have gone to the well once to often. He used to characterize certain people, who didn't do to suit him, as "undesirable citizens." When it comes to wanting him for a third term, the people seem to regard him as a very undesirable citizen. *** The next you hear from the great Lion Killer he will be withdrawing from the race. The people do not seem to want to rule through him.—Somerset Times.

ABOUT LOVING A RUCKUS

If Col. Roosevelt should attend a dog fight, a fire, a lynching, or any one of numerous events which attract a crowd; if he would attend in a thoughtful spirit and meditate, perhaps he would understand that there's a good deal of difference in loving a ruckus and intending to vote for the fellow who is most highly capable of kicking up a ruckus.—Frankfort News Journal.

It is suggested, now that the verdicts in the sugar trial and the packers' trial have occasioned such general disappointment, that we have a recall of jurors.

Roosevelt Attacks Taft

(Louisville Herald.)

The most striking feature of Col. Roosevelt's address at Phoenix Hill last night was his descent from the plane of impersonal politics to a direct attack upon the President. It is to be regretted that he should think it essential to his campaign for the nomination to abandon the exposition of his political theories for the argumentum ad hominem.

The Colonel took exception to

DANGER PERIOD OF WOMAN'S LIFE FROM 45 to 50

Interesting Experience of Two Women—Their Statements Worth Reading.

Asheville, N.C.—"I suffered for years with female trouble while going through the Change of Life. I tried a local physician for a couple of years without any substantial benefit. Finally after repeated suggestions to try Lydia E. Pinkham's Vegetable Compound, I quit my physician and commenced using it with the happiest results. I am today practically a well woman and anxious to contribute my mite towards inducing others to try your great medicine, as I am fully persuaded that it will cure the ailments from which I suffered if given a fair chance.

"If you think this letter will contribute anything towards further introducing your medicines to afflicted women who are passing through this trying period, it is with great pleasure I consent to its publication."—Mrs. JULIA A. MOORE, 17 East St., Asheville, N.C.

The Case of Mrs. Kirlin.

Circleville, Ohio.—"I can truthfully say that I never had anything do me so much good during Change of Life as Lydia E. Pinkham's Vegetable Compound. "Before I had taken one half a bottle of it I began to feel better, and I have continued taking it. My health is better than it has been for several years. If all women would take it they would escape untold pain and misery at this time of life."—Mrs. ALICE KIRLIN, 358 W. Mill St., Circleville, Ohio.

The Change of Life is one of the most critical periods of a woman's existence. At such times women may rely upon Lydia E. Pinkham's Vegetable Compound.

the President's description of himself as a progressive. He holds that President Taft has not justified his right to this title. His judgment is based upon his standard of progressivism. The man who does not measure up to that cannot be allowed to qualify if the Colonel is to be the arbiter. The President is not a progressive because he failed to prosecute the work of one of the Colonel's pet ideas—the Country Life Commission. He is not a progressive because he refuses to approve the Colonel's plan for popular recall of judicial decisions. He is not a progressive because he defends the courts against attack.

This is the indictment. But progress is many sided. All its waters do not flow in the channel dug by the Colonel.

For example, there is progress in tariff reform, while the Colonel adroitly dodged during Administration, but which the President has sought wisely and well.

Roosevelt began his Administration with a promise to carry out the policies of the great McKinley. One of the last things for which McKinley lifted his voice was reciprocity in trade with Canada. Roosevelt never raised a finger to advance this progressive policy. It was Taft who made the splendid fight against reactionary forces, and won his battle, so far as his influence extended, on a field that Roosevelt feared to enter.

On this same line of advance belongs the creation of the Tariff Board, now approved by the Colonel, but given to the Nation by Taft. In the support of this measure the President overcame conservative opposition in his own party and braved the taunts of the Democratic majority in the house.

So likewise is there progress in establishing peace among the nations. Roosevelt posed as the protagonist of peace, with a big stick, but Taft took the laurels in the eyes of the world by making possible the arbitration treaties, which, in a spirit as badly reactionary as any that ever opposed a great and beneficent movement, Roosevelt denounced.

And there is progress in enforcing law. Roosevelt made loud clamor against the trusts, and useful clamor, we admit, but it was Taft who woke the sleeping Sherman Law and turned it loose in a world of monopoly-ran-mad to compel respect for the authority of the people.

It would not be difficult to pro-

long the parallel, but we dislike this kind of argument. It has been invited by our distinguished visitor, and this must suffice as excuse for replying to him in kind.

The Herald willingly concedes to Col. Roosevelt the right to be known as a progressive. Indeed it values so highly his services to the nation, and admires so greatly his qualities of heart and brain that it regrets to be put in the place where for justices' sake it must take exception to his attitude and utterances.

President Taft is not the Roosevelt kind of progressive, and we doubt if the Roosevelt kind is the sort now needed at Washington. But President Taft is a progressive in a broad field of national politics where there is greatest need for wise and statesmanlike leadership. With the urge of a progressive people behind him he will move forward rapidly enough to ensure certainty and permanence in advance.

Ragged wounds are painful and cause much annoyance. If not kept clean they fester and become running sores. Ballard's Snow Liniment is an antiseptic healing remedy for such cases. Apply it at night before going to bed and cover with a cotton cloth bandage. I heal in a few days. Price 25c, 50c and \$1.00 per bottle. Facts About Indigestion and its Relief That Should Interest You

Although Indigestion and Dyspepsia are so prevalent, most people do not thoroughly understand their cause and cure. There is no reason why most people should not eat any thing they desire—if they will only chew it carefully and thoroughly. Many actually starve themselves

into sickness through fear of eating every good-looking, good-smelling and good-tasting food, because it does not agree with them.

The best thing to do is to fit yourself to digest any good food.

We believe we can relieve Dyspepsia. We are so confident of this fact that we guarantee and promise to supply the medicine free of all cost to every one who will use it, who is not perfectly satisfied with the results which it produces. We exact no promises, and put no one under any obligation whatever. Surely nothing could be fairer. We are located right here and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one troubled with Indigestion or Dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home and give them a reasonable trial, according to directions. Then, if not satisfied, come to us and get your money back. They are very pleasant to take; they aid to soothe the irritable stomach, to strengthen an invigorated digestive organs, and to promote a healthy and natural bowel action thus leading to perfect and healthy digestion and assimilation.

A 25c package of Rexall Dyspepsia Tablets furnishes 15 days treatment. In ordinary cases, this is sufficient to produce a cure. In chronic cases, a longer treatment of course, is necessary, and depends upon the severity of the trouble. For such cases we have two large sizes which sell for 50c and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, St. Bernard Mining Co., Incorporated, Drug Department.
